

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

Note: System flow rate was increased in September 2000 and during April through June 2001

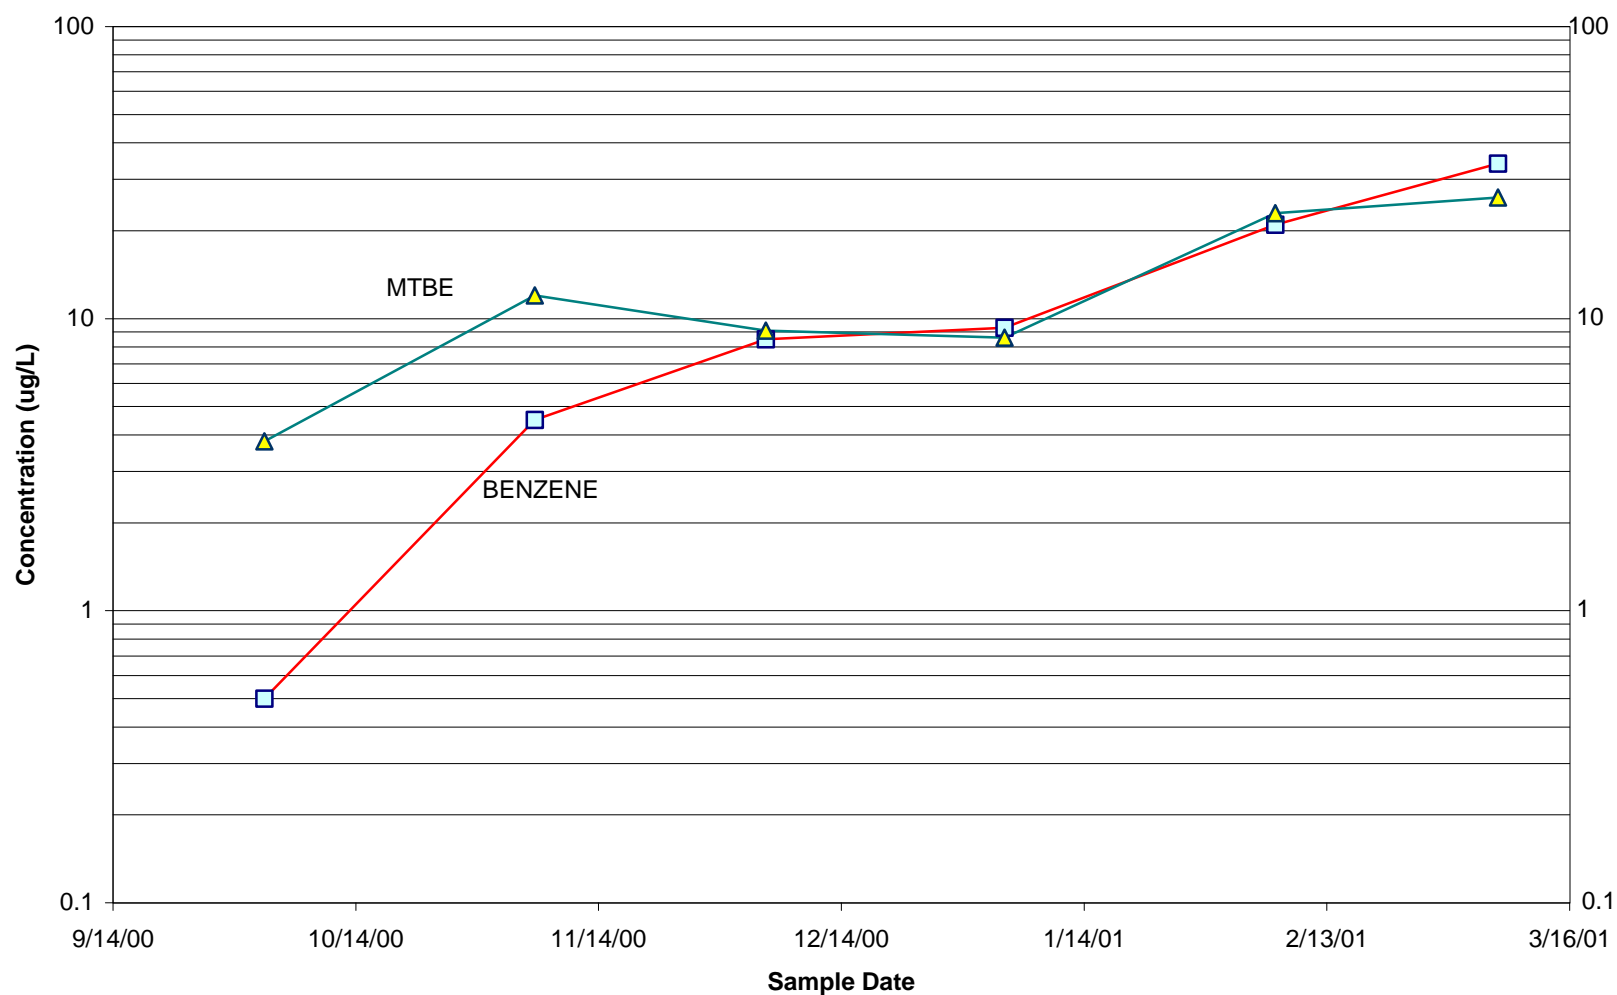

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

**Well MW-7S Influent Concentrations Over Time**

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

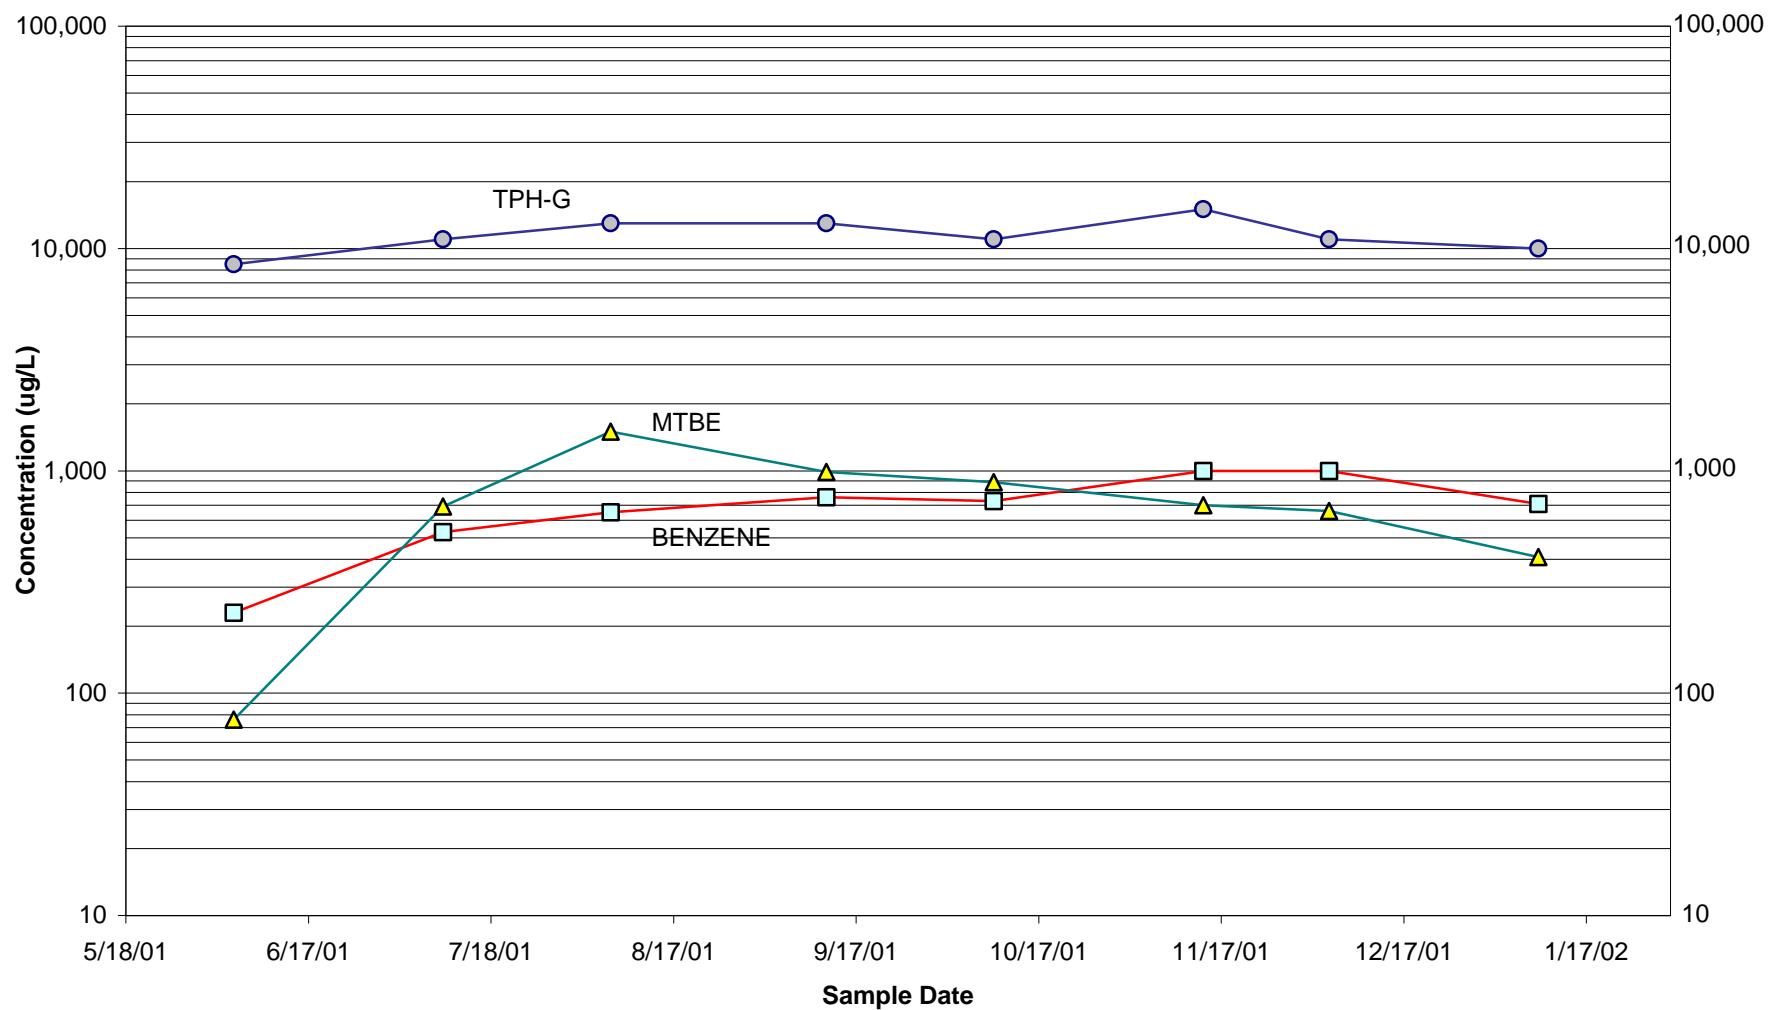

**Well MW-7M Influent Concentrations Over Time**

Notes: 1. TPH-G Omitted (Some Data not Available or Below Detection Limits)  
2. Pumping from this well was stopped on April 4, 2001

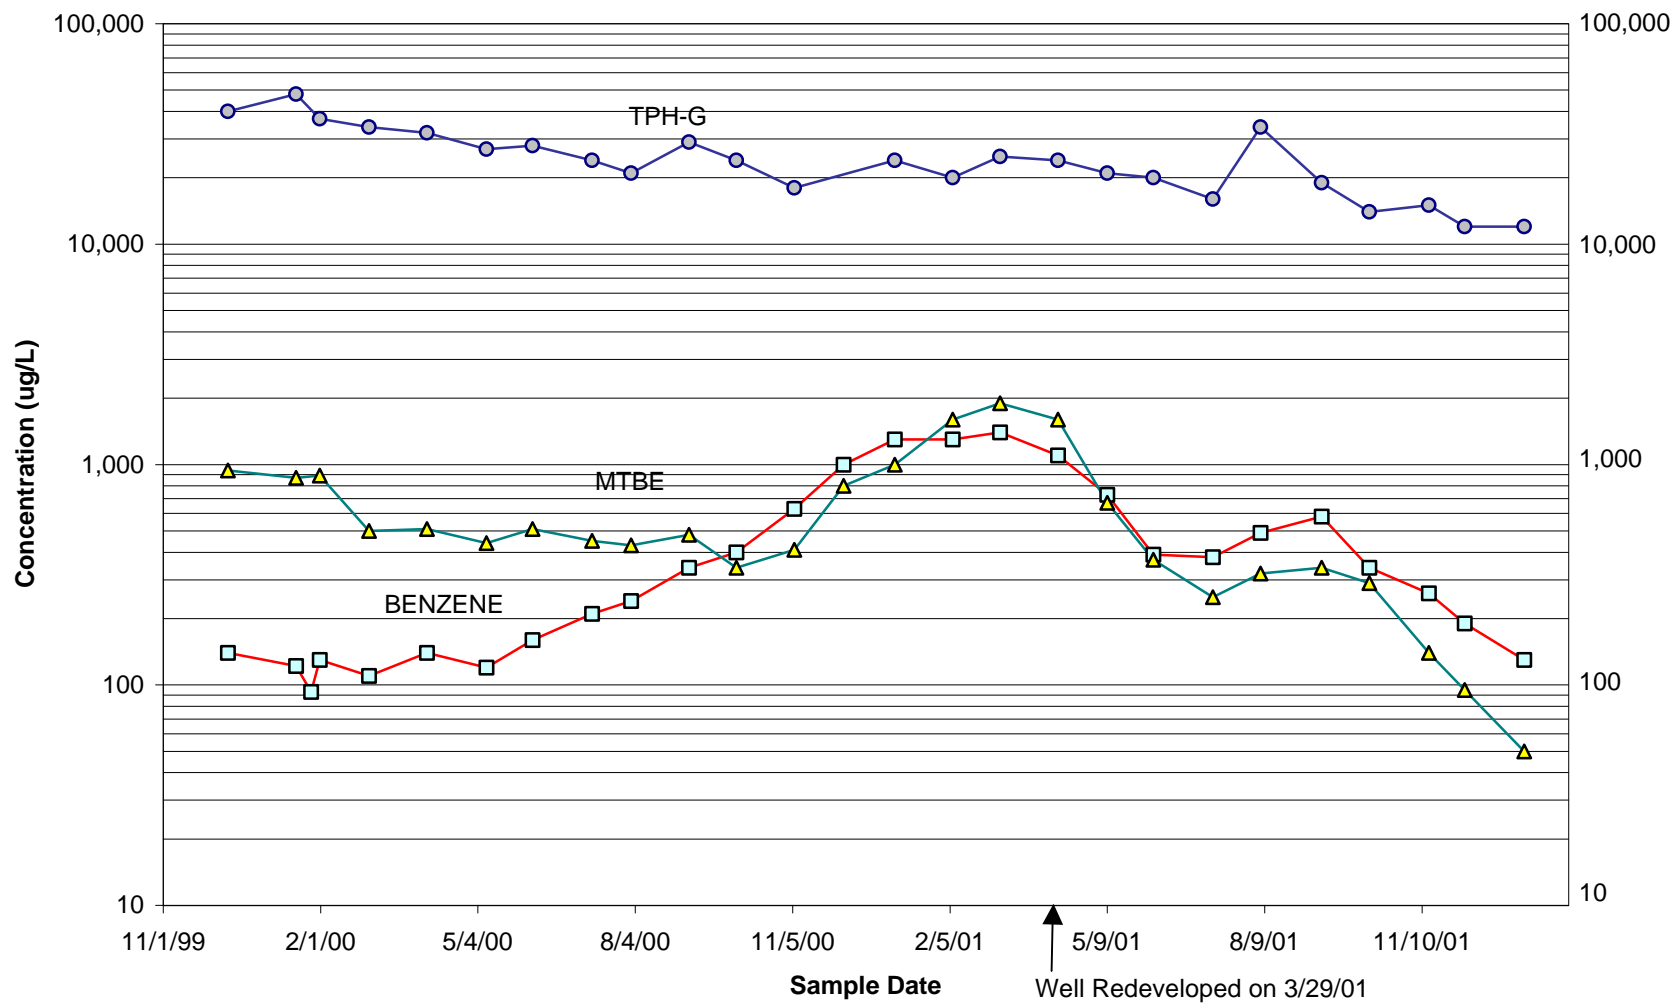

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

Well MW-8S Influent Concentrations Over Time

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

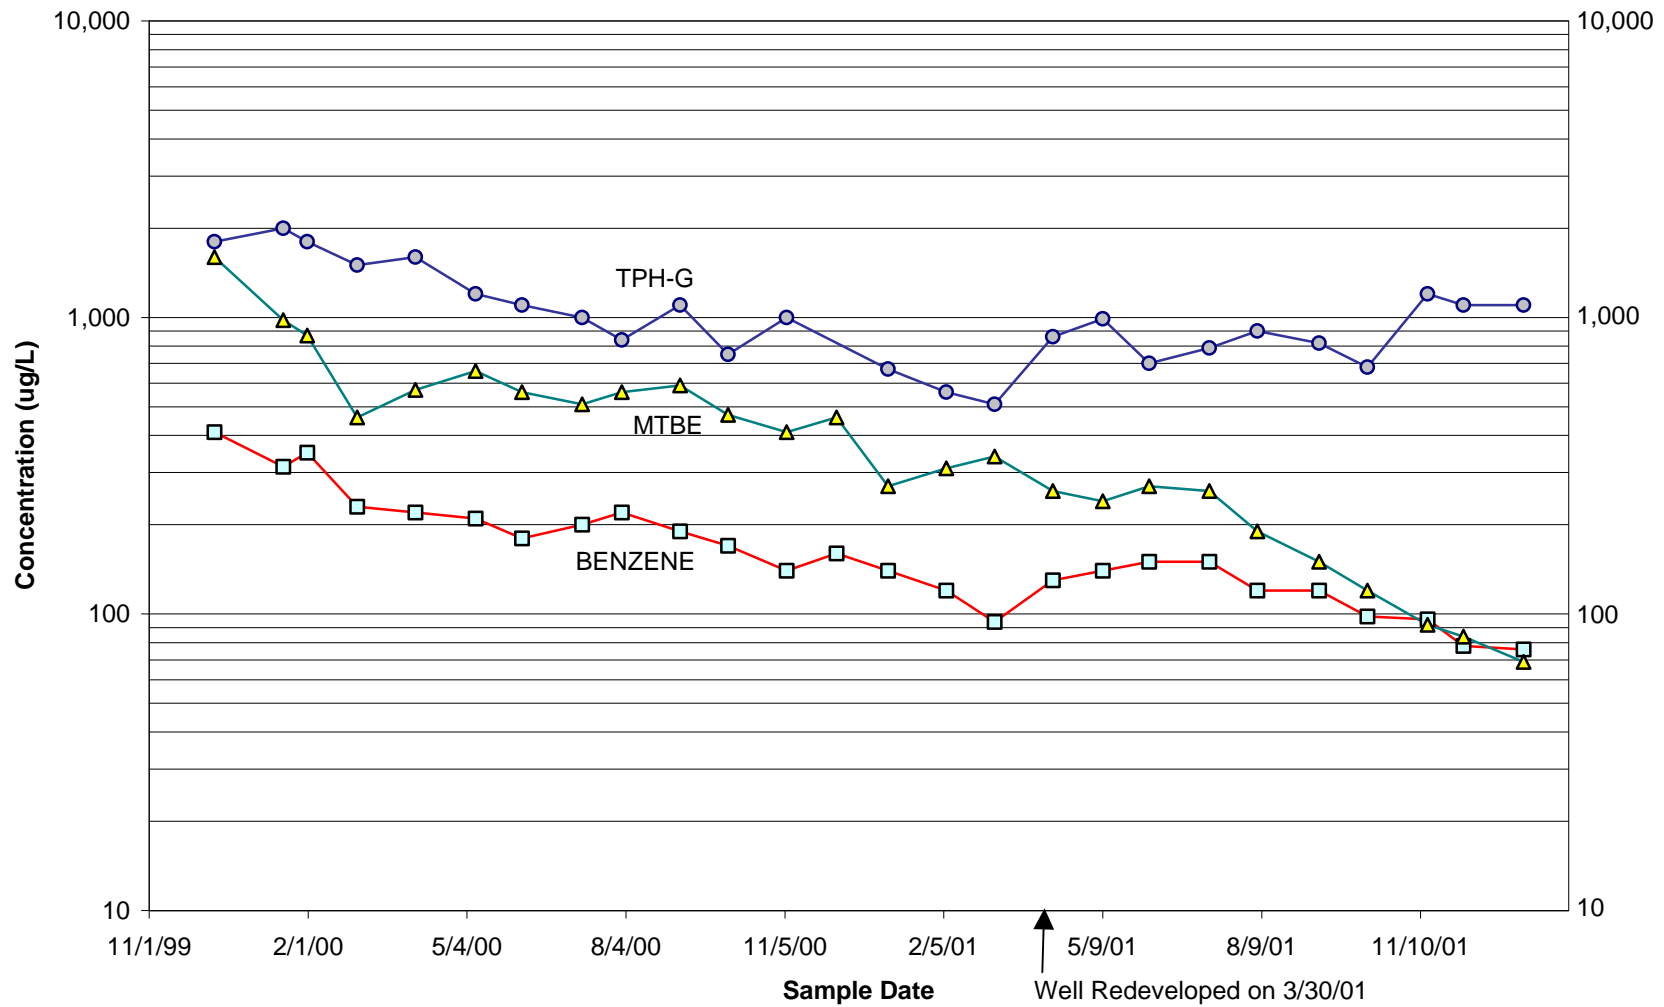

**Well MW-11S Influent Concentrations Over Time**

Note: MW-11S pumping rate was increased in September 2000, December 2000, and June 2001

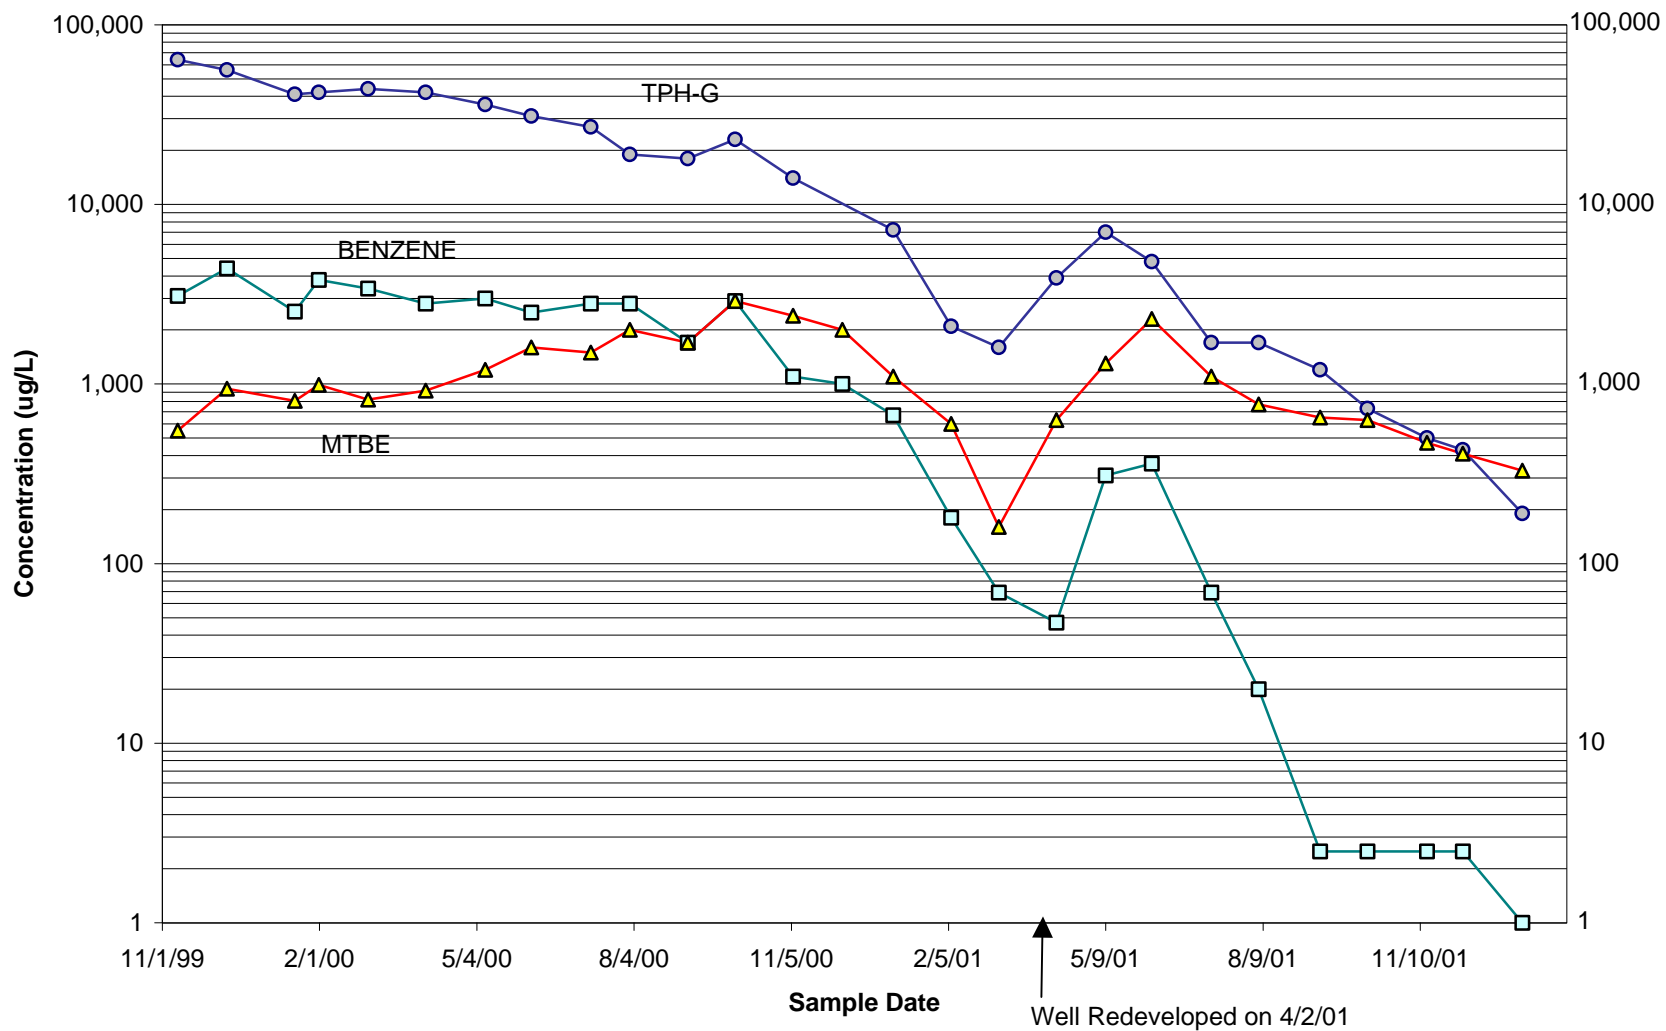

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

Well MW-11M Influent Concentrations Over Time

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

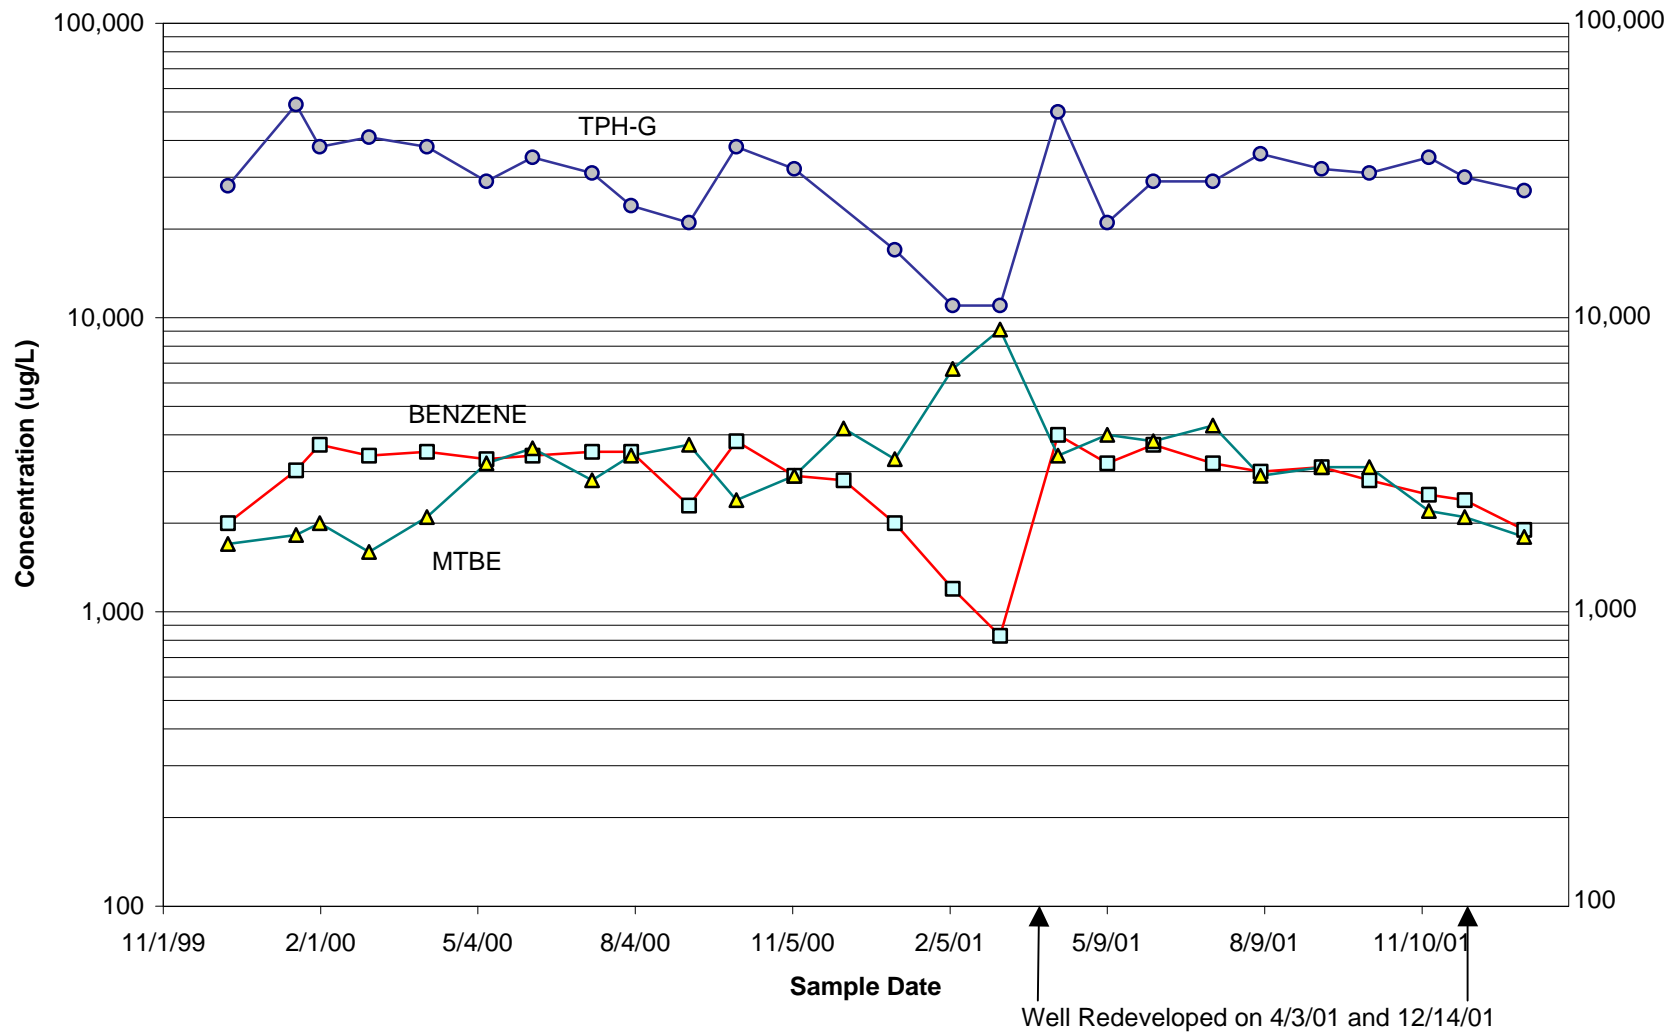

**Well MW-14S Influent Concentrations Over Time**

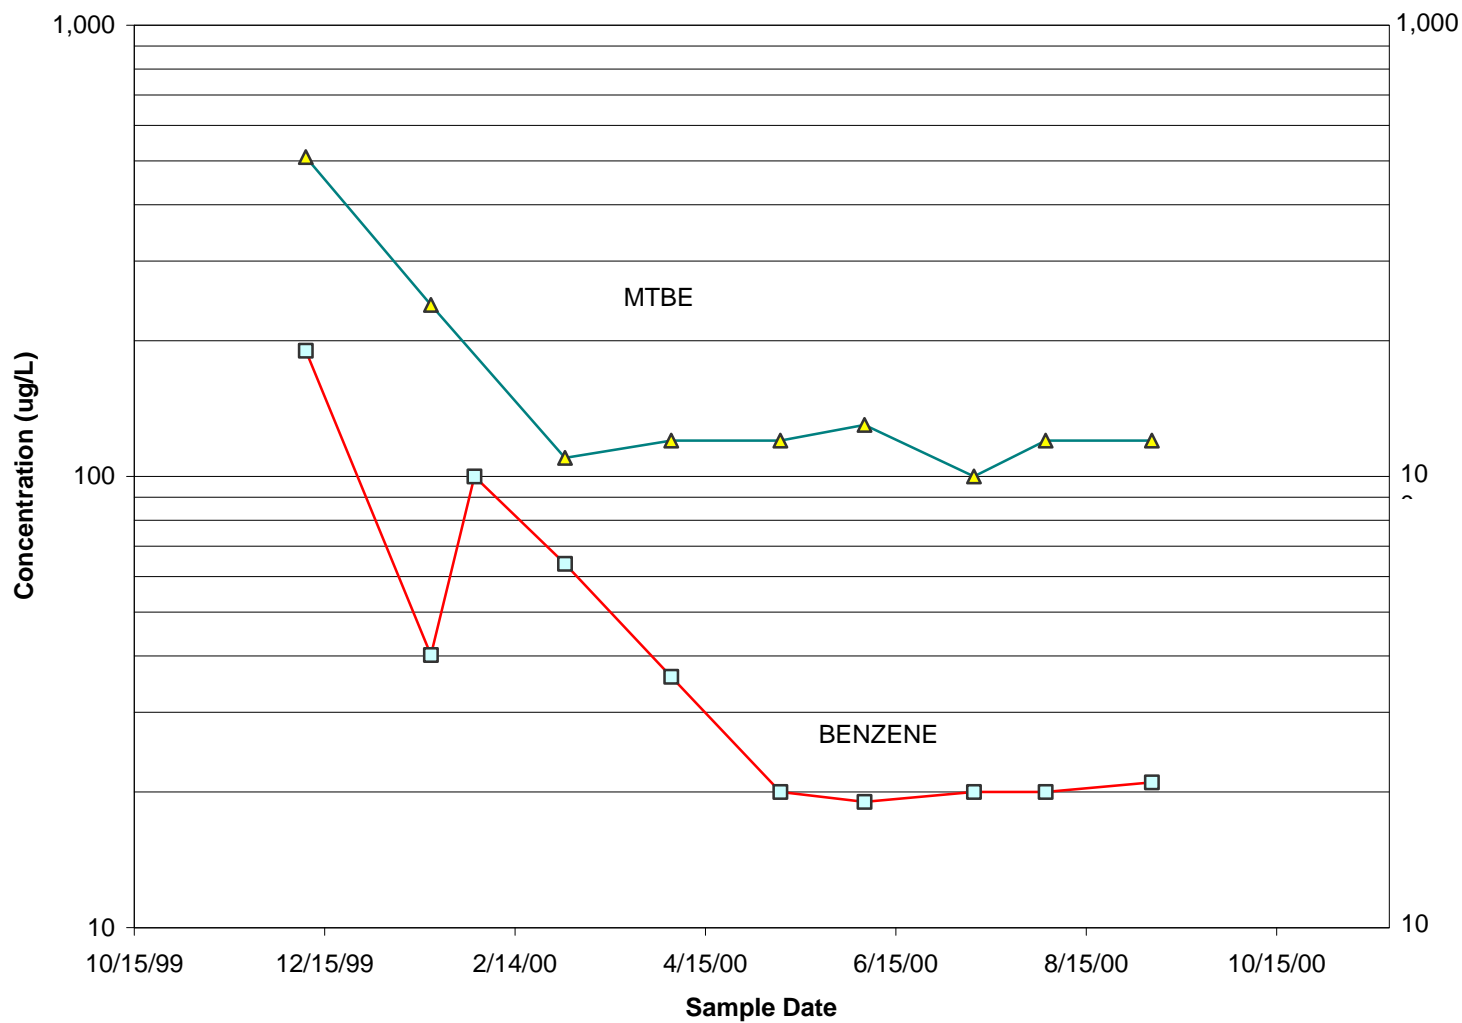

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

**Well MW-15S Influent Concentrations Over Time**

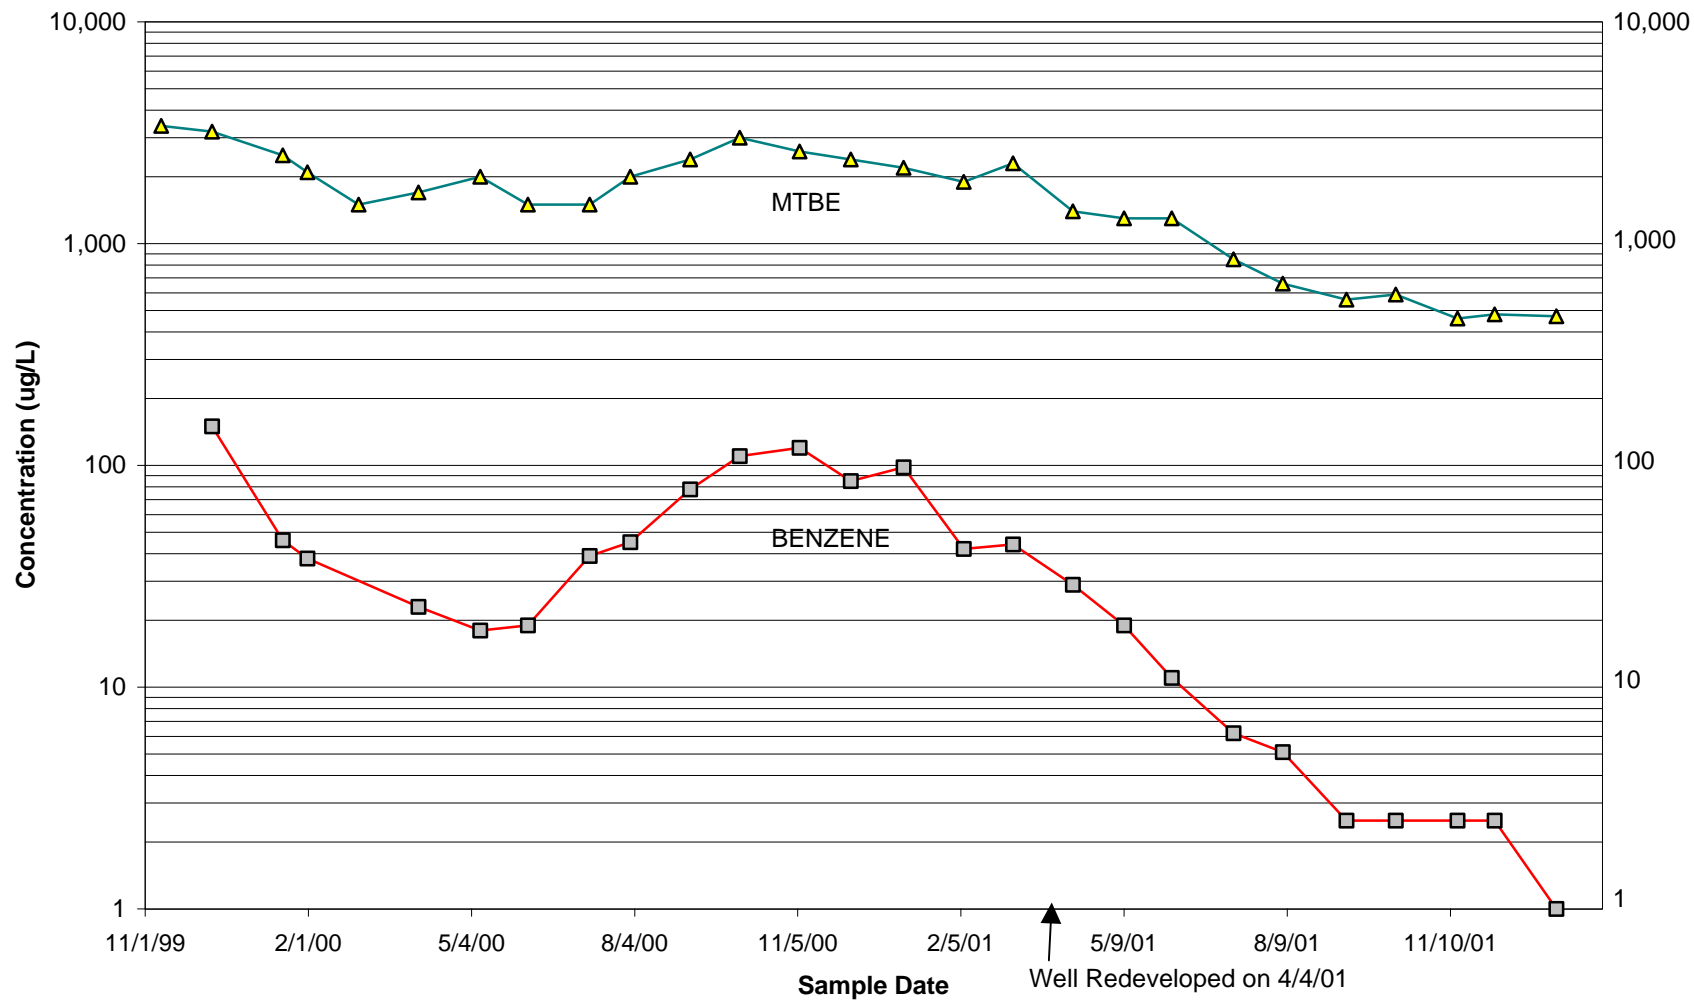

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
Culver City, California

**Well MW-15M Influent Concentrations Over Time**

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

**Well MW-16M Influent Concentrations Over Time**

Notes: TPH-G Data Omitted

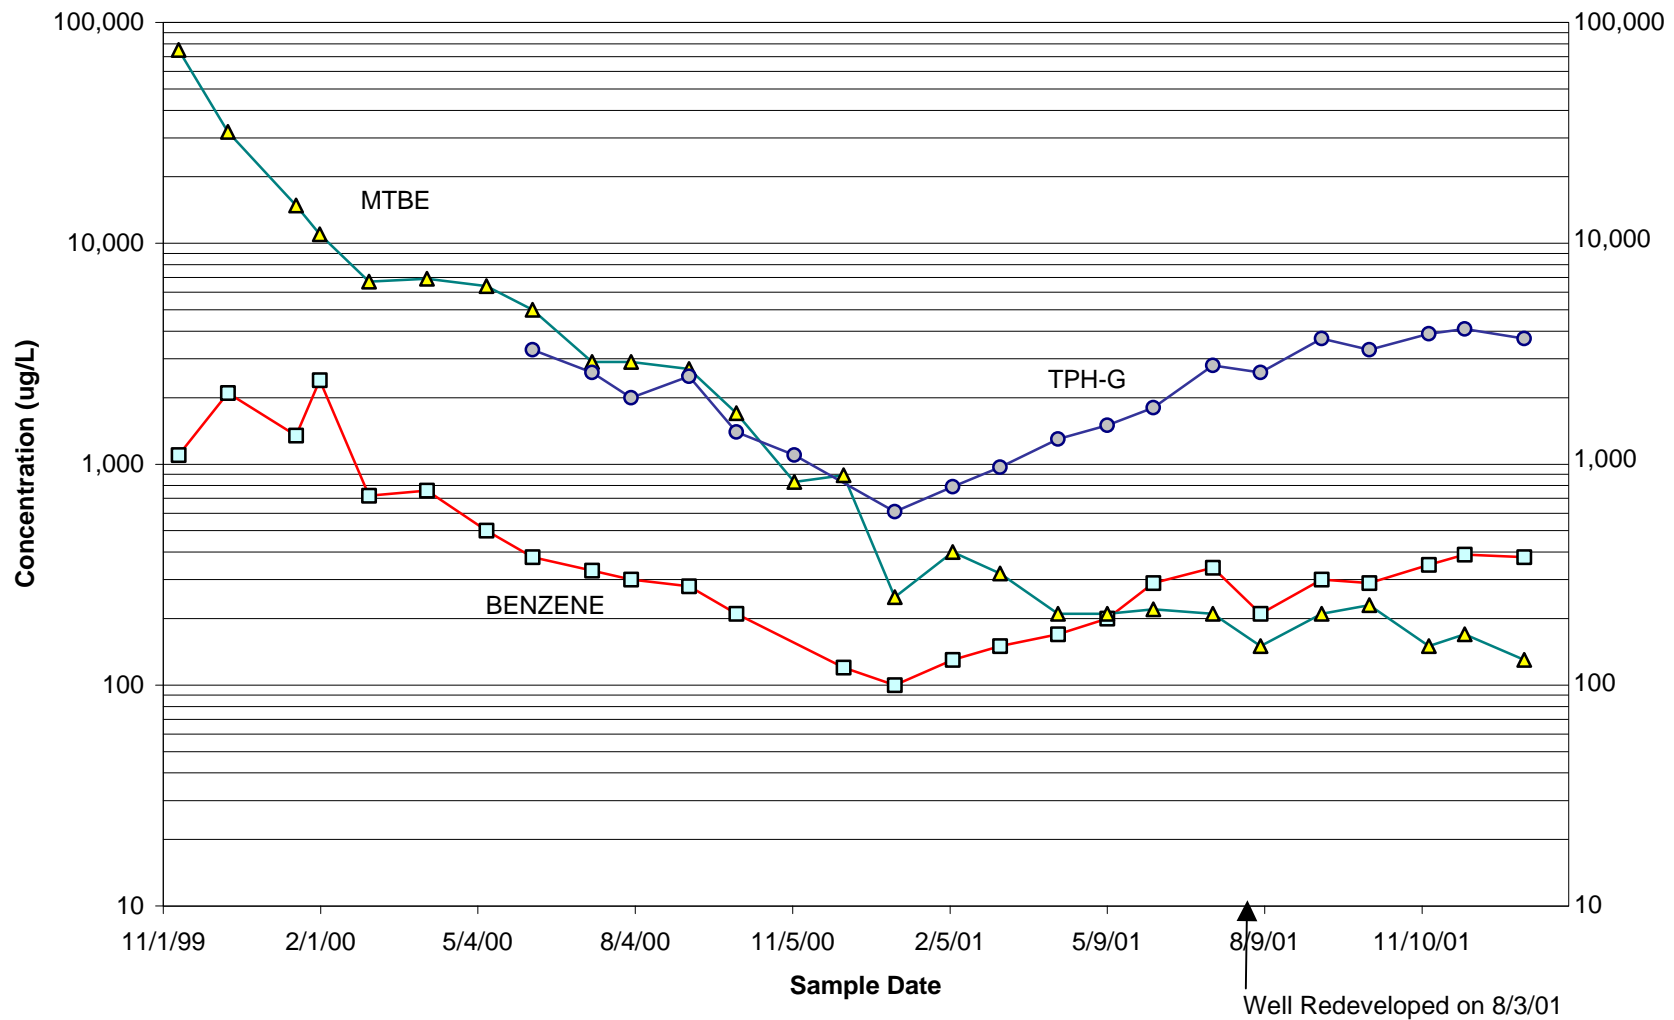

February 17, 2002

MW-16M pumping rate was increased in September 2000, April 2001, and August 2001

Graph No. 10

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

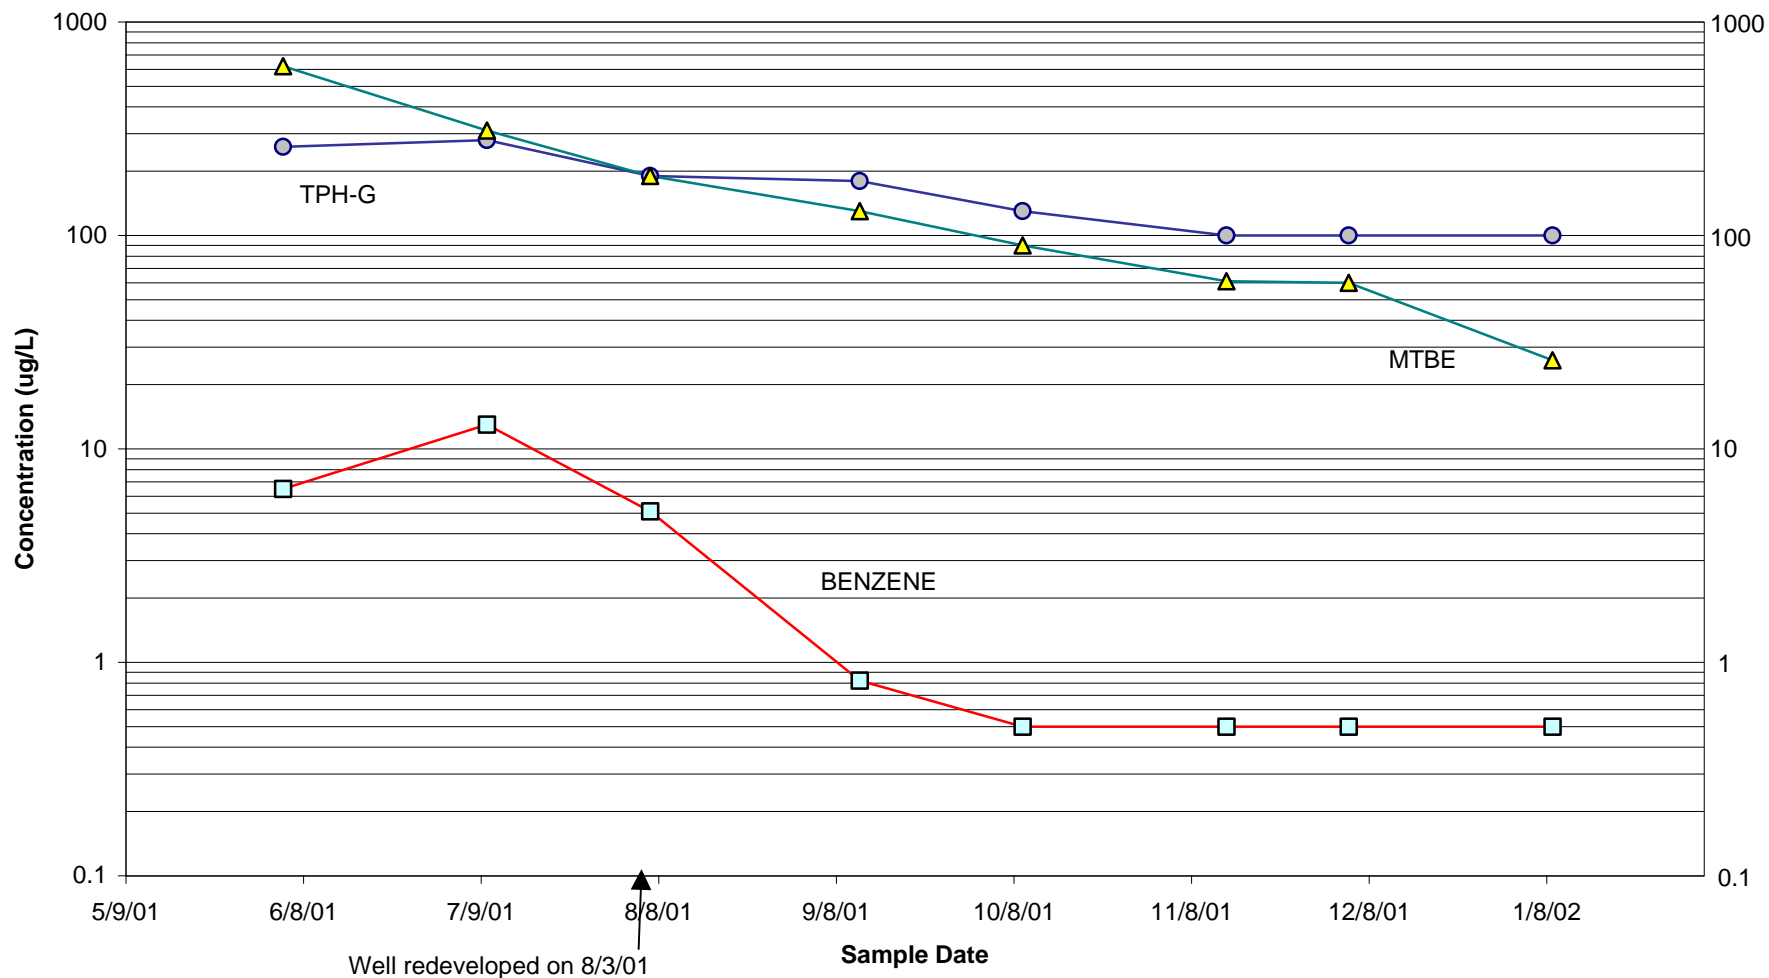

Well MW-17S Influent Concentrations Over Time

Notes: TPH-G data from 11/99 through 5/00 omitted due to data scatter  
MW-17S pumping rate was increased in August 2001

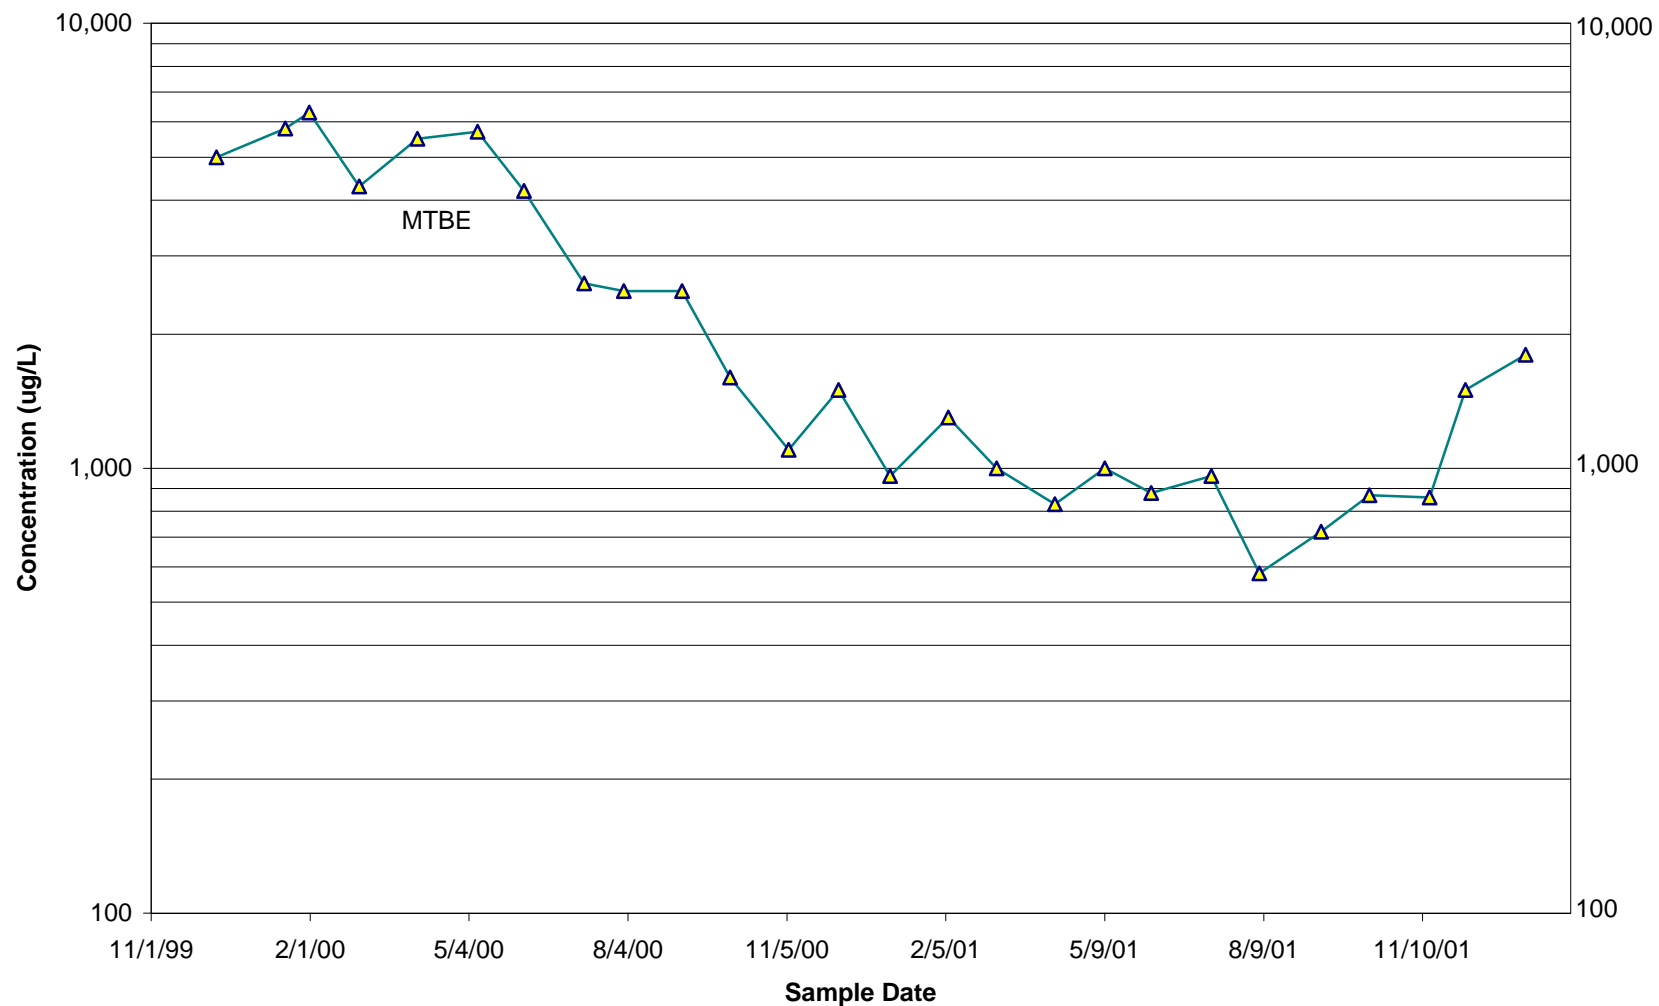

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

Well MW-17S2 Influent Concentrations Over Time

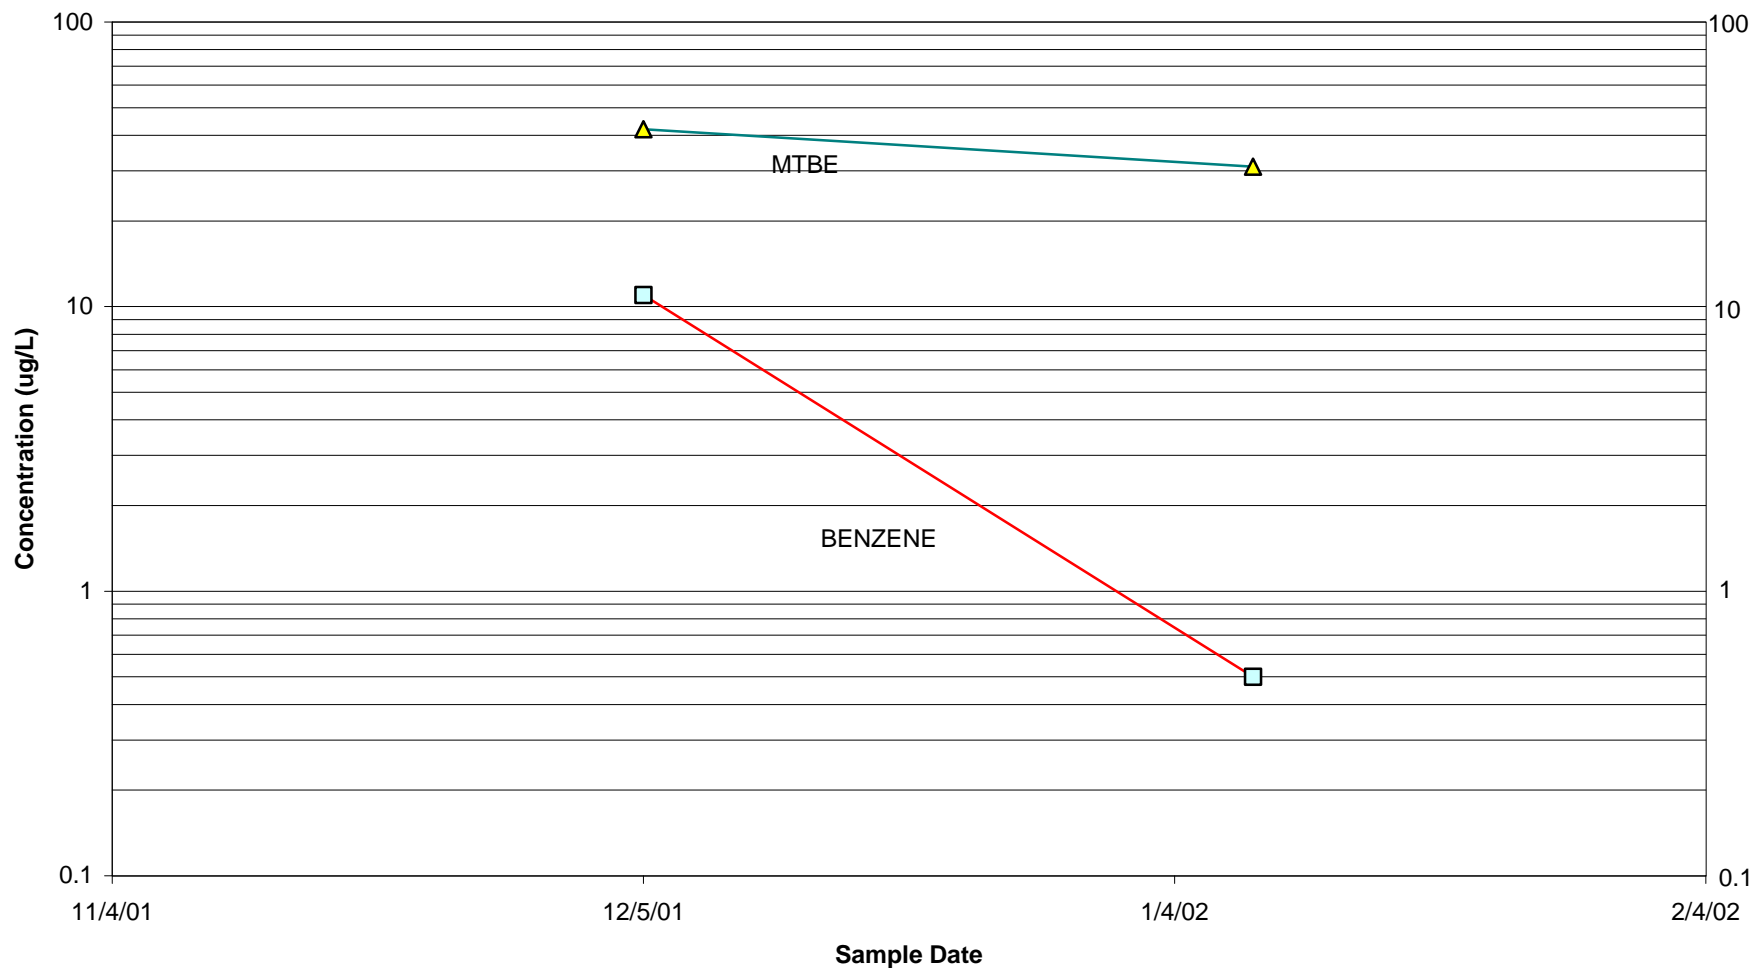

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

**Well MW-18S Influent Concentration Over Time**

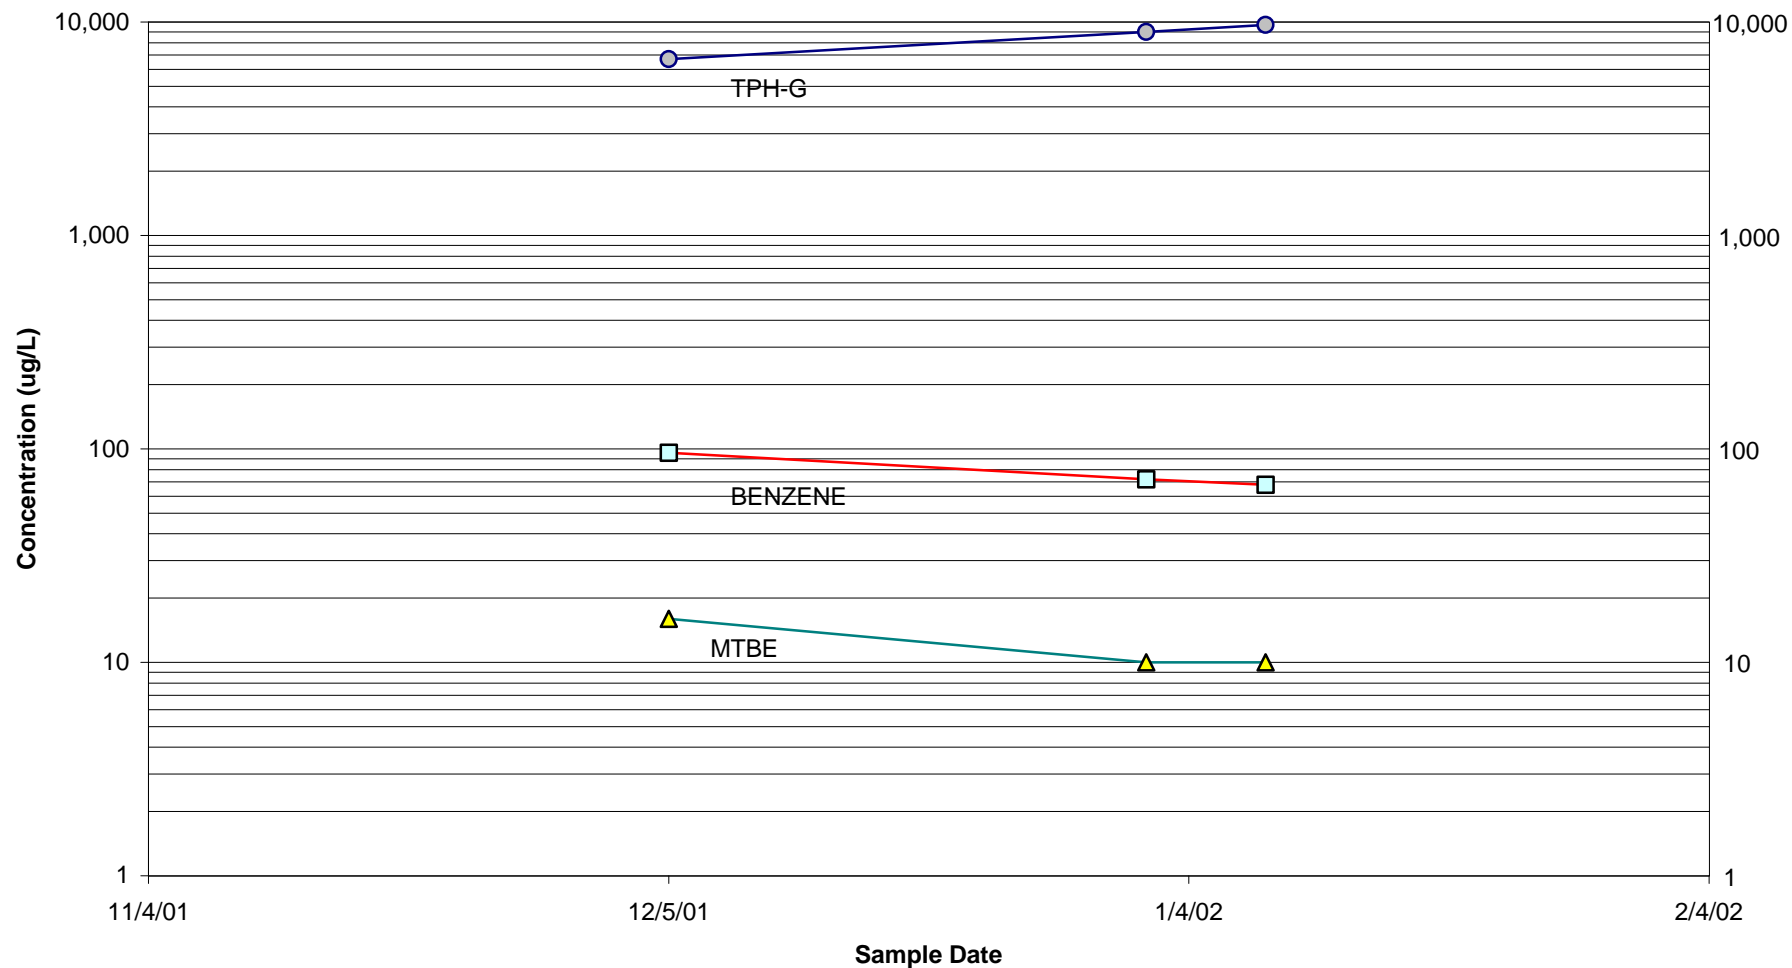

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

Well MW-21M Influent Concentrations Over Time

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

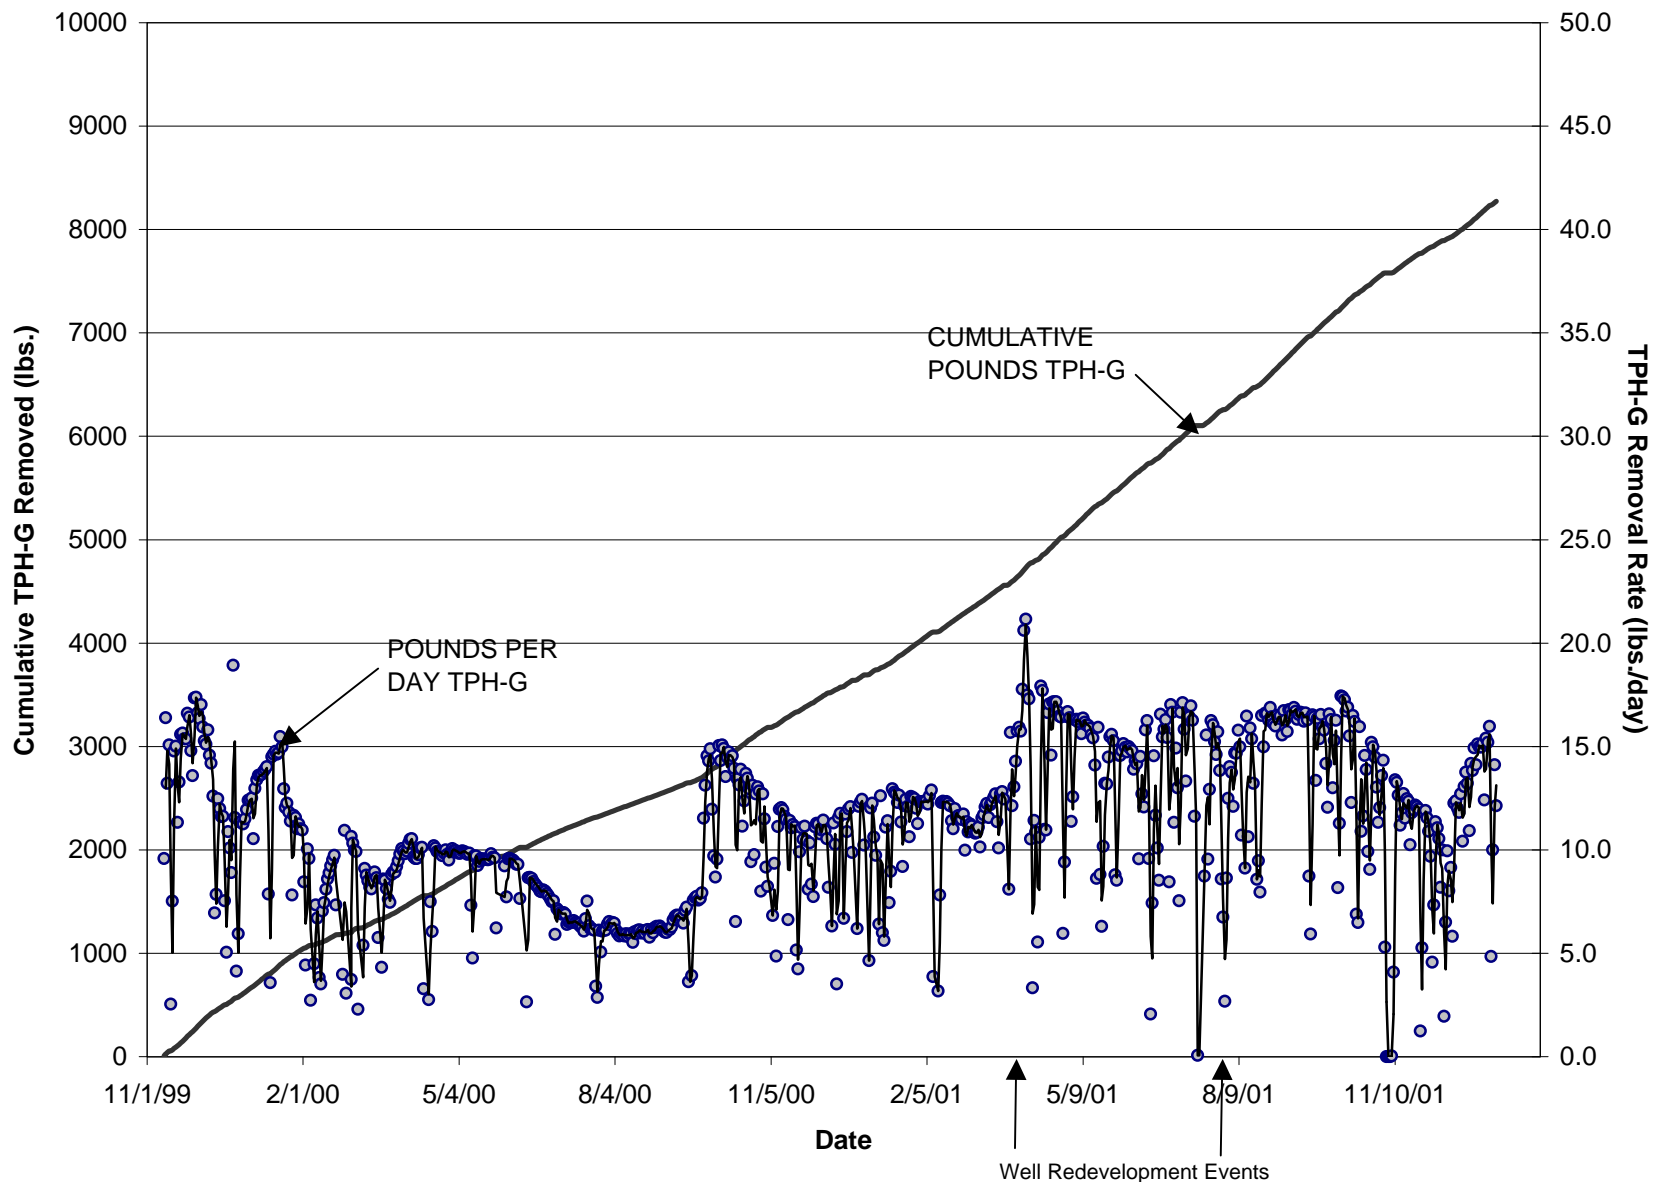

Well MW-22S Influent Concentrations Over Time

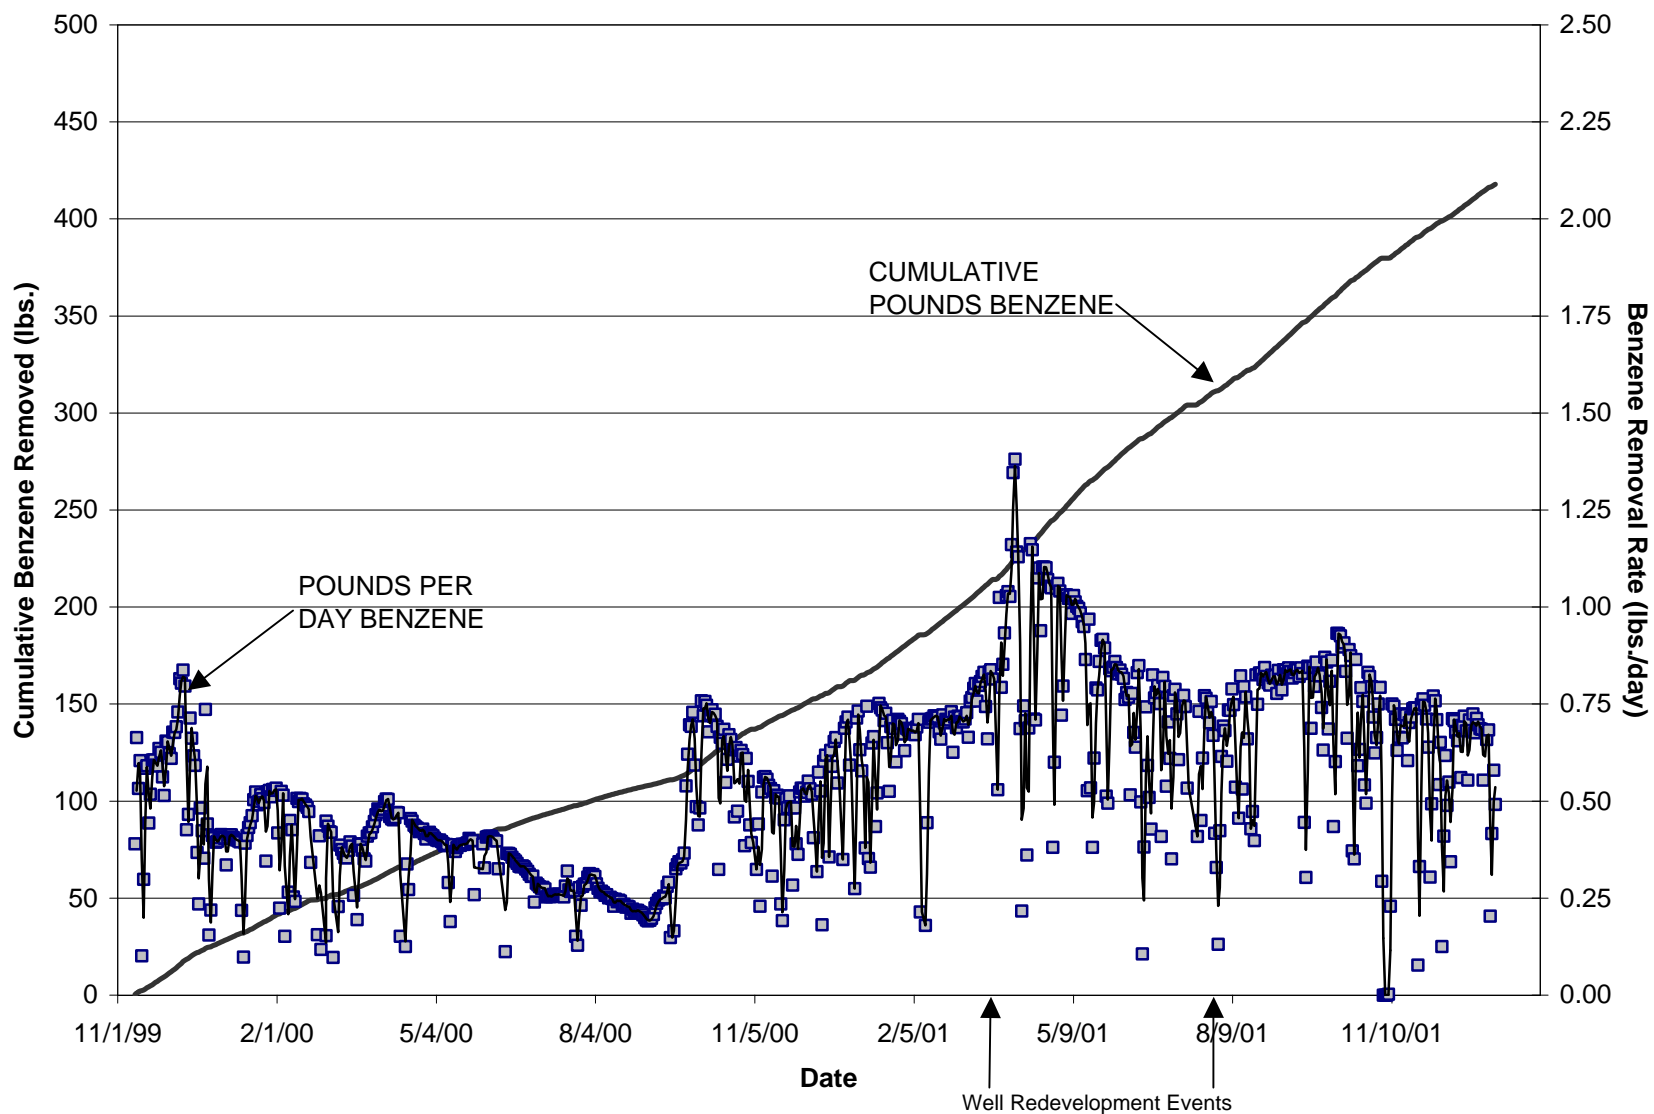

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

**TPH-G Mass Removal Over Time**

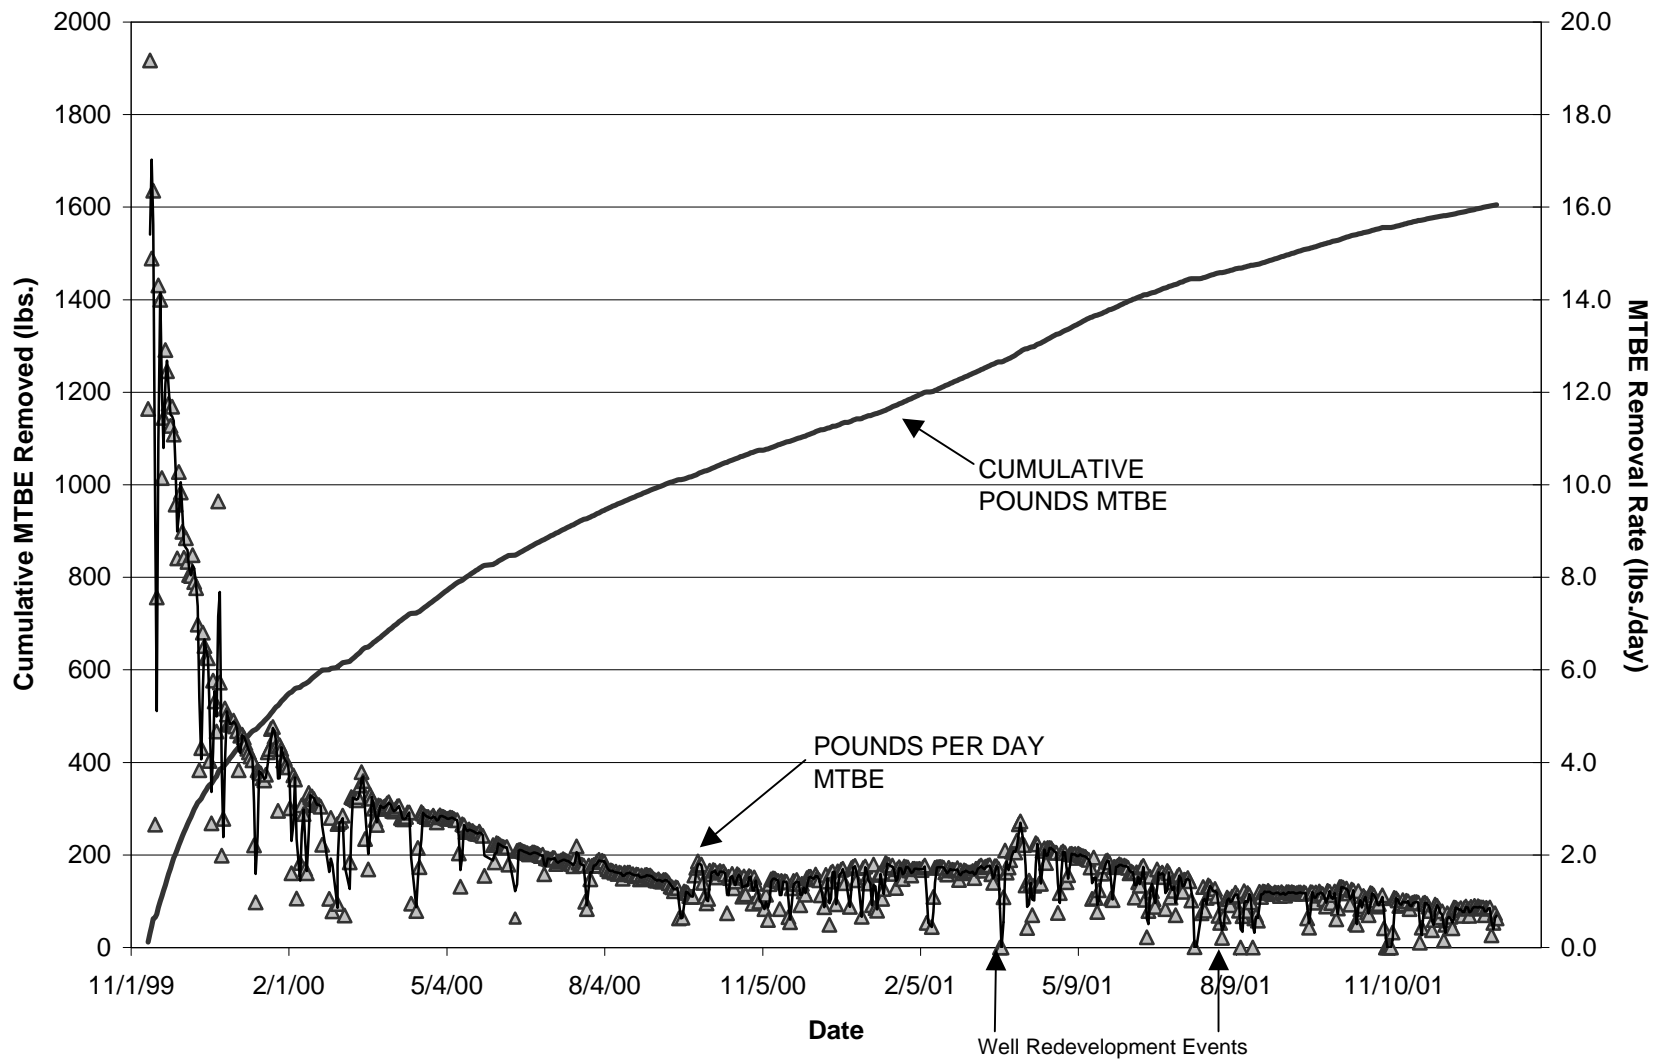

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

**Benzene Mass Removal Over Time**

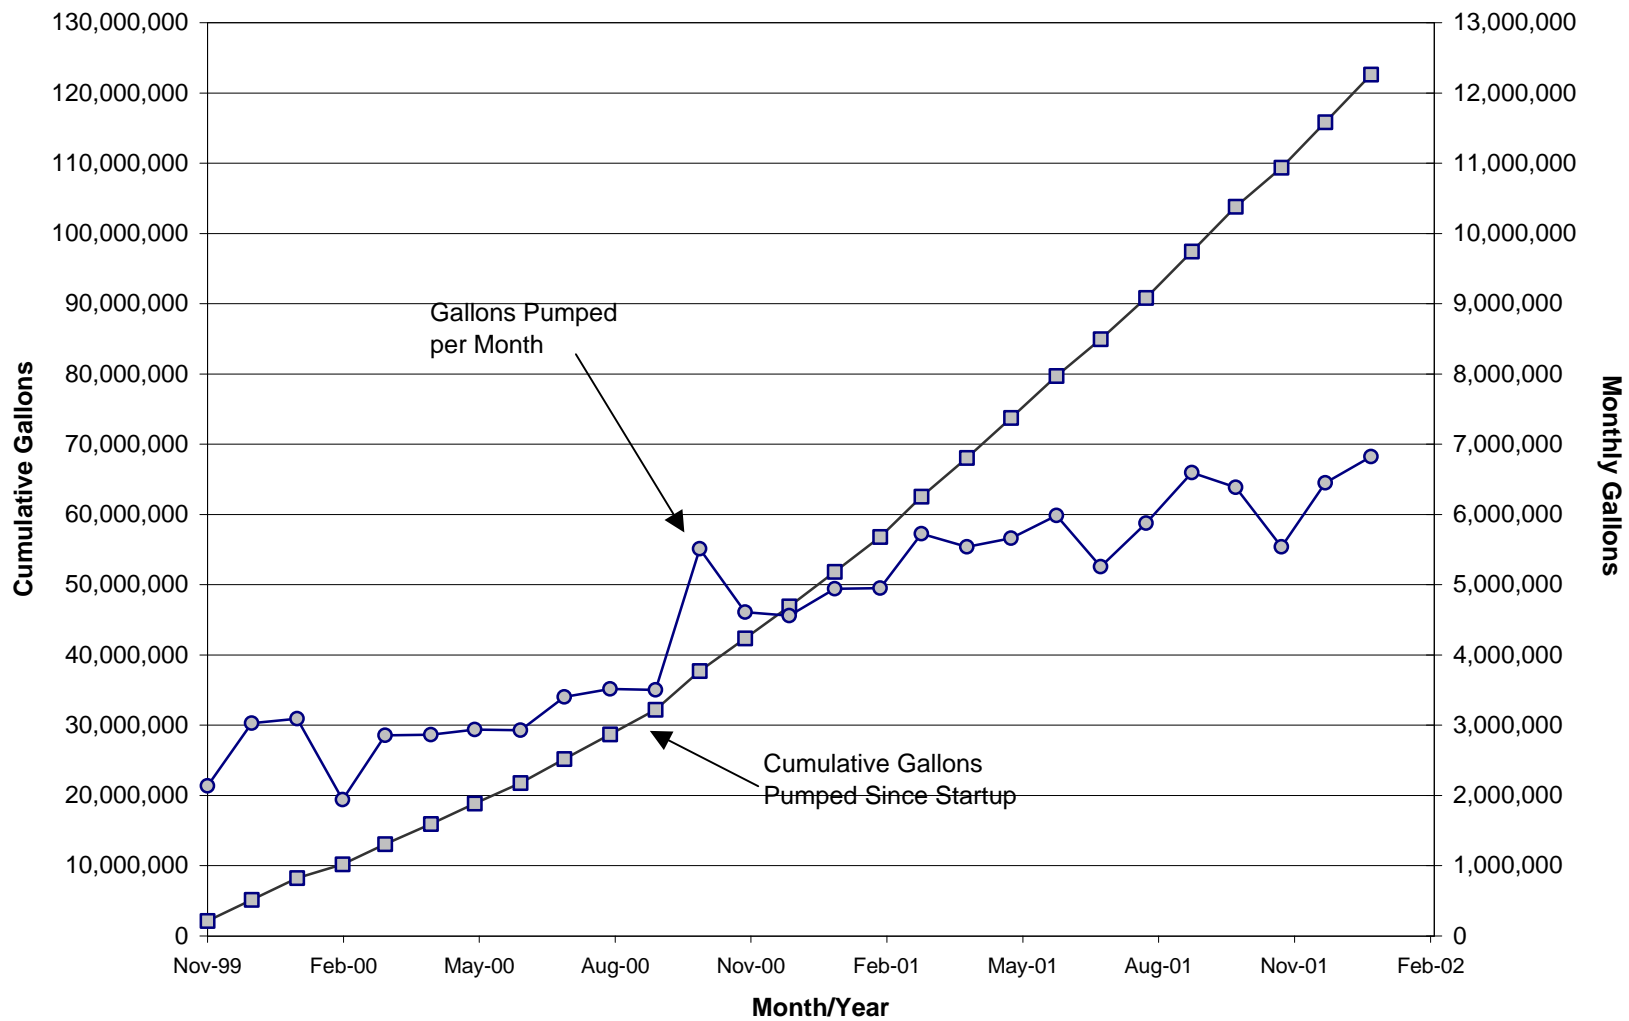

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

**MTBE Mass Removal Over Time**

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

**Groundwater Extracted Over Time**

Shell Oil Company/Equilon Enterprises LLC  
Groundwater Treatment System  
3816 Tuller Avenue  
Culver City, California

**System Operating Hours Over Time**
